

# Tinker vs. Des Moines, 1969

Graham & Parks Elementary School  
2015

Parents having a meeting

I don't think that they should have gotten suspended for showing what they want to say.

They didn't have the freedom of speech. Let's bring this to court!

I agree

me too

same!

The ACLU will defend us

We should win in this court

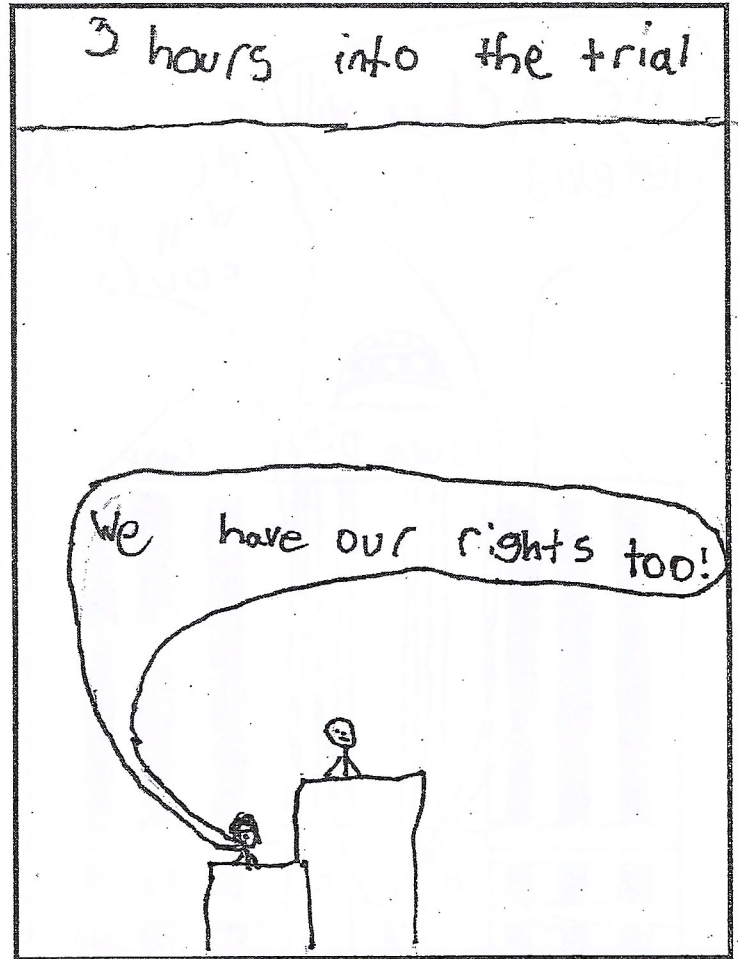

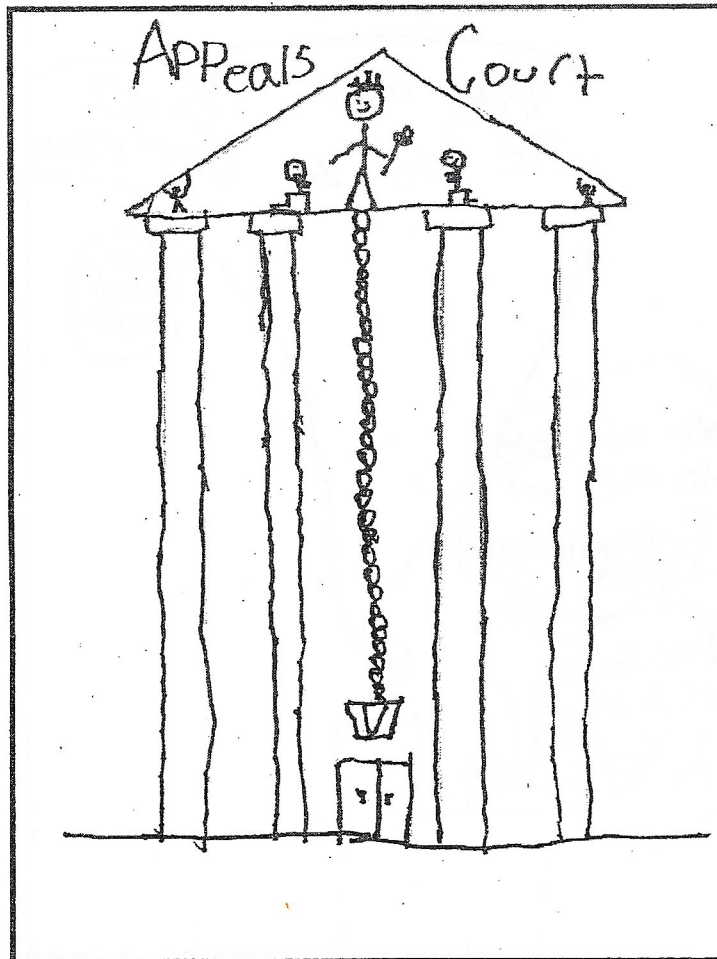

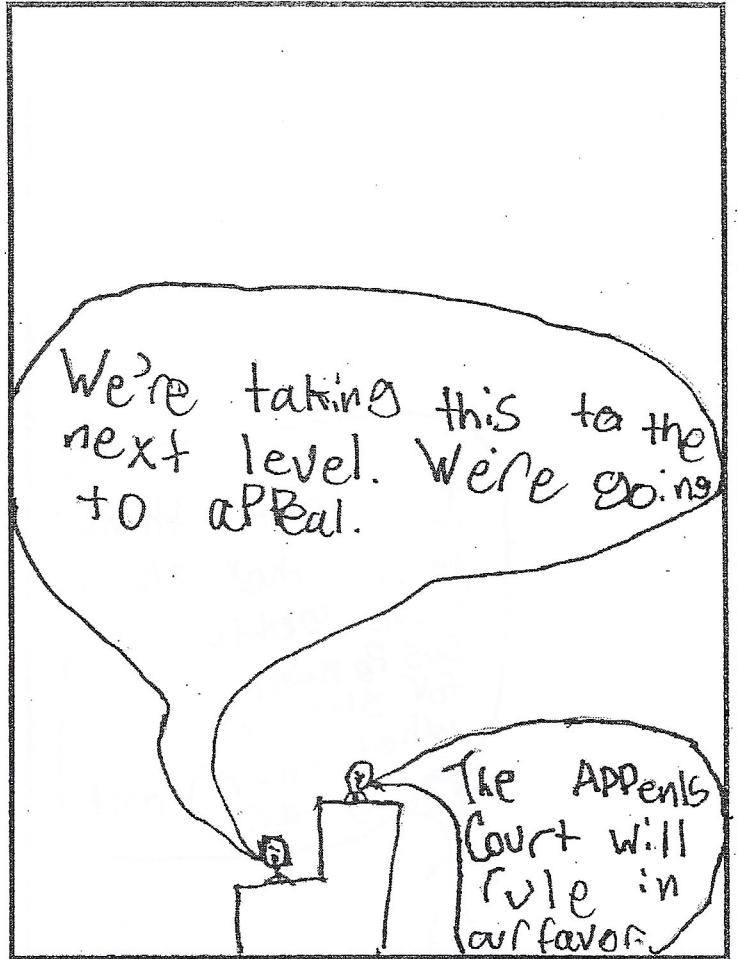

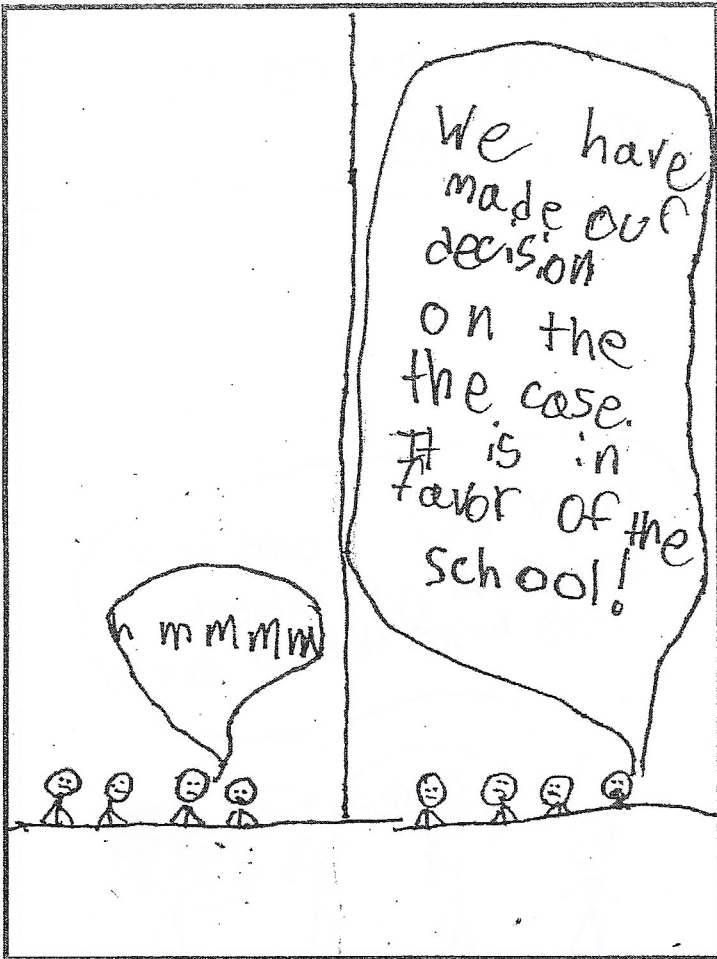

Iowa District Court

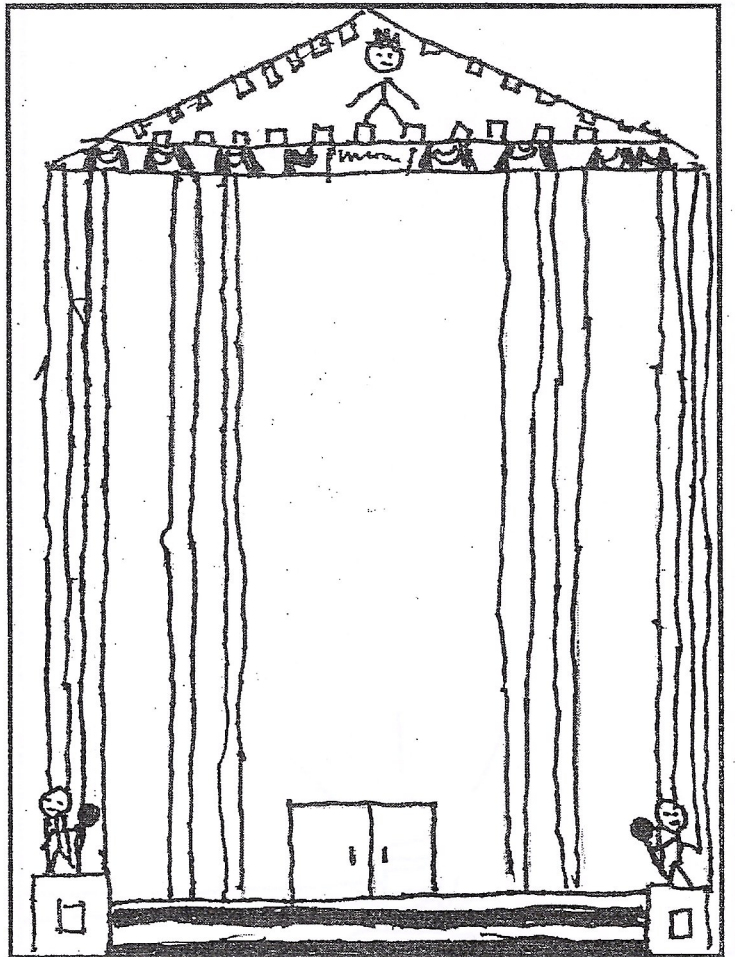

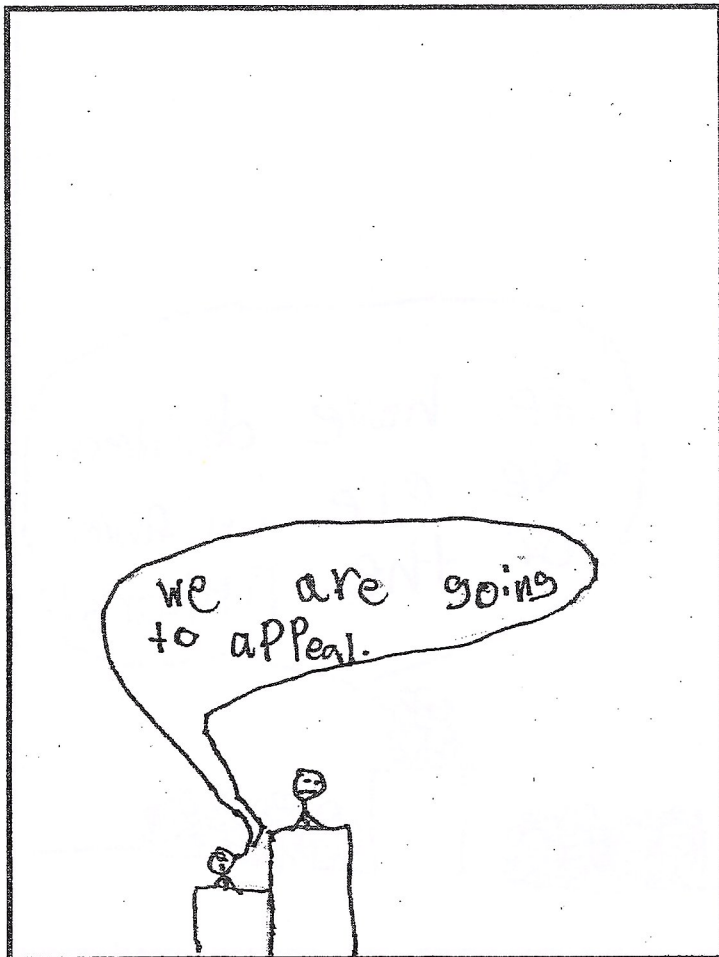

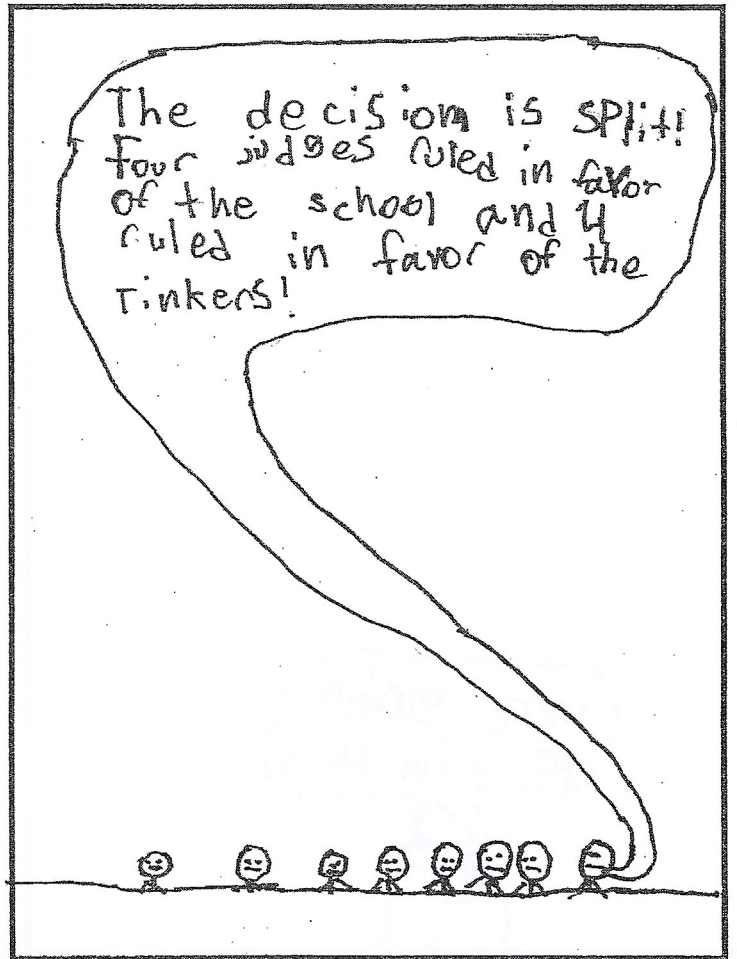

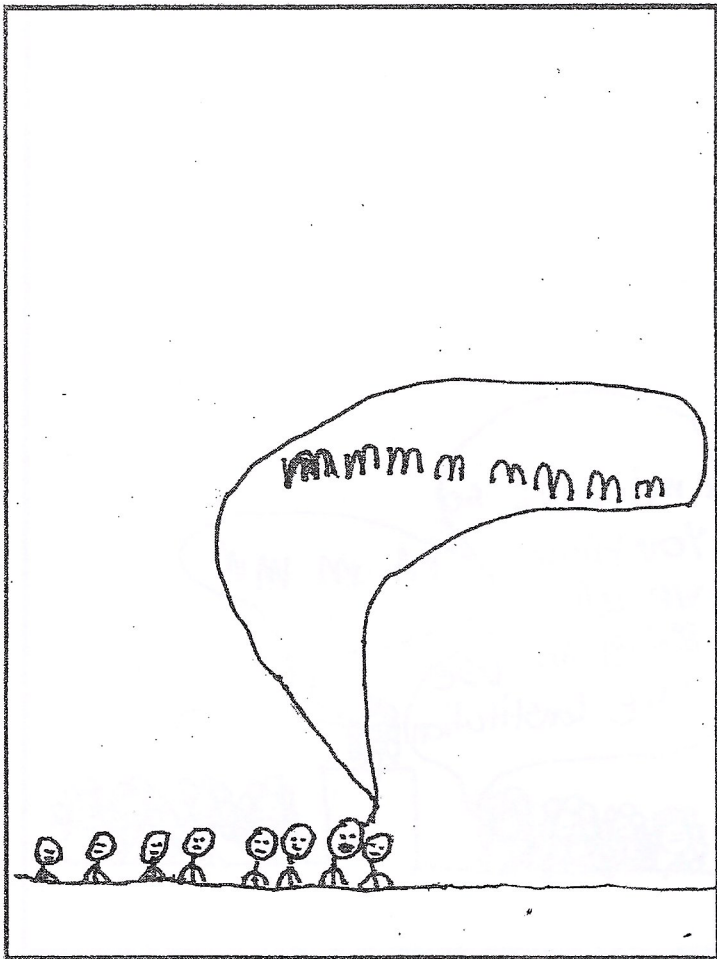

We are going to exercise our rights

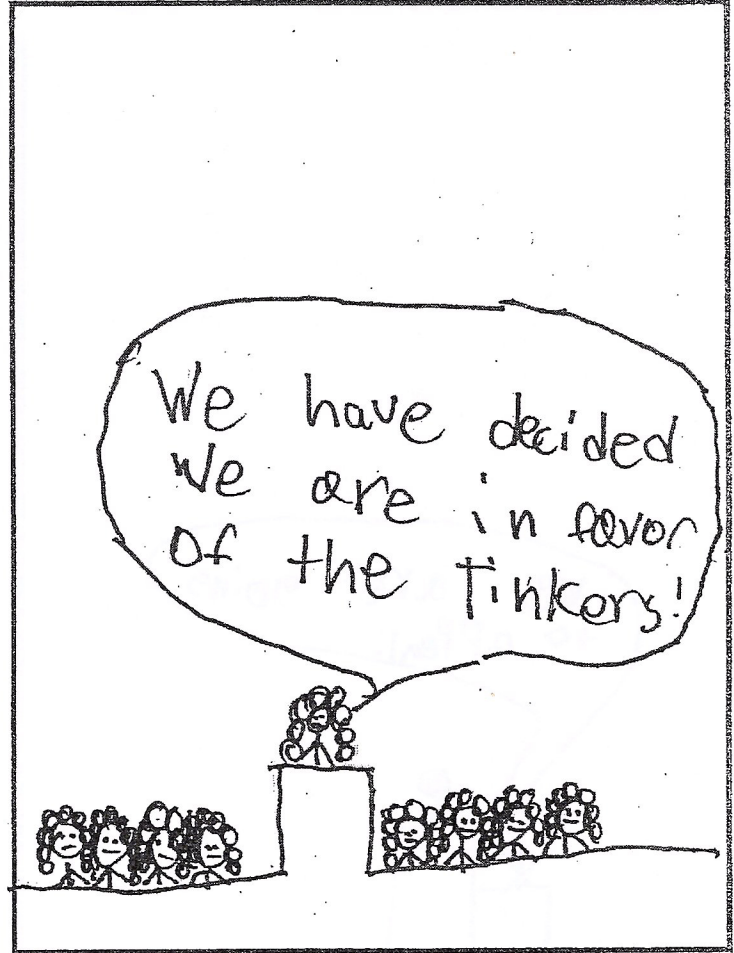

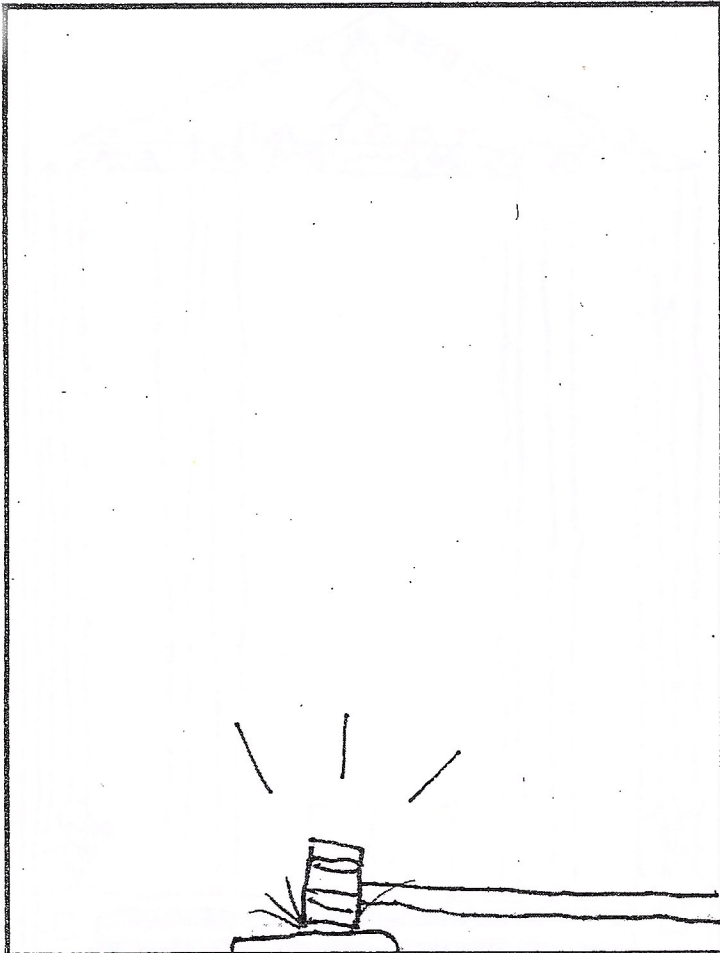

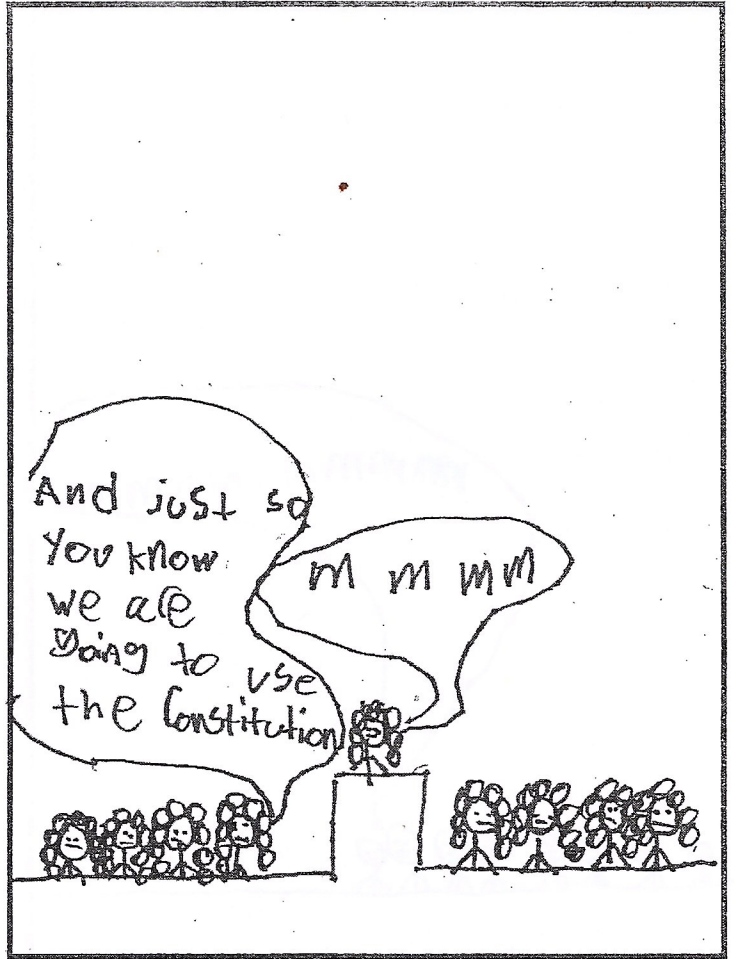

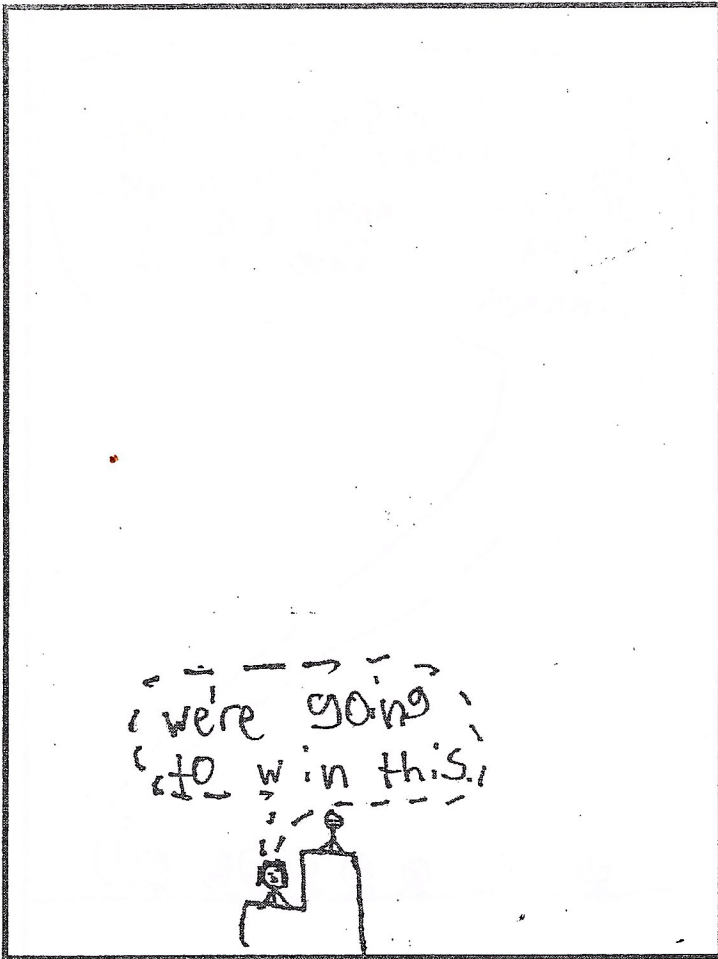

We need justice

We are going to use our 1st amendment rights

Everyone can use the Bill of Rights

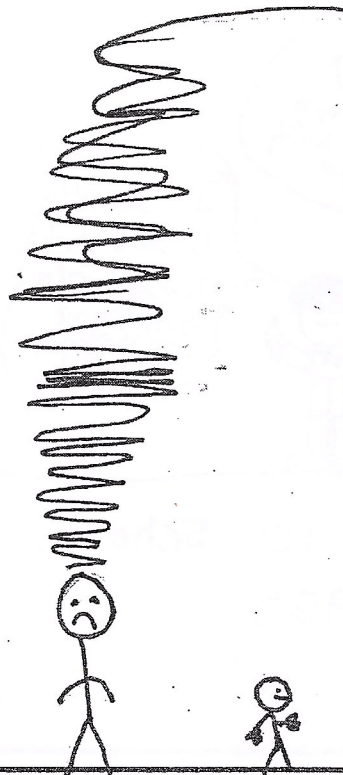

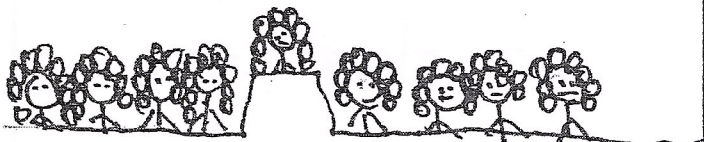

"Students and teachers  
do not shed their  
rights at the school  
house gate."

Good morning  
Principal!
